FERRARI does not warrant a motor-vehicle as such. The body, made by a third party, is mounted, whenever the body meets the weight and dimensions indicated.

When the products owned by the buyer are, for any reason, in FERRARI workshops or in authorized workshops, FERRARI assumes any responsibility for eventual damages caused by storms, lightning, theft, fire, burglary, removal, regulations, etc. The risk of accident, speed, gas-mileage and efficiency that can be supplied by FERRARI are approximate; the Factory does not take any formal pledge on their accuracy.

In none of the cases quoted in the previous paragraph, the buyer can claim the cancellation of the contract or compensation for damages or reimbursement of expenses.

JURISDICTION -- In case of a dispute FERRARI agrees to the Forum of Modena (Italy) as exclusive competent, drafts, arbitrators or settlements and dispatches without or with C.O.D. to not constitute a derogation from this clause of jurisdiction even in case FERRARI should be pursued for collusion or collusion of cases.

When FERRARI is the plaintiff, it will be able to resort both to the Forum of Modena and to that where the other party resides.

NOTE - For the warranty, the customer must resort to the FERRARI authorized Service Agents.

The materials replaced during the warranty period are not by FERRARI.

The factory is exempt from any responsibility for any accident to the people or things caused by the use of supplied goods and in dependence from the same; this clause is valid even during the warranty period and even if an accident may occur from defects of material and workmanship.

FREE SERVICE COUPONS

Every owner of a **FERRARI** motor-vehicle has three free service coupons during the warranty period; the holder of the card must use the coupons in the periods prescribed.

Instructions for the use of the coupons

- a) Labor for the service indicated on each coupon is free.
- b) For the performance of services not included in the present coupons the general regulations of warranty will be applied.
- c) The coupons are not valid if they are not used during the warranty period and within the limits indicated.
- d) The coupons will be used preferably at the workshops of the dealer who sold the motor-vehicle.

V. - Requests for instructions, Repairs and spare parts will have to be addressed to the **Ferrari** authorized Agents or directly to **FERRARI**, Head Office, specifying: model chassis and engine number, mileage and all the data concerning the request.

Ferrari

WARRANTY CONDITIONS

WARRANTY - FERRARI warrants its products of normal construction for twelve months starting from the date of delivery to the first owner, or 12,000 miles (20,000 Km.) whichever event occurs first.

This guarantee consists in the free supplying and replacement of parts defective because of notified defects in material or workmanship; its performance is limited to the examination of the defects and their causes exclusively in case of the Factory workshops or the shops authorized for such purpose and on their premises.

The supply and replacement of spare parts will be performed by FERRARI as soon as possible; an eventual delay will not be grounds for the customer to demand a compensation for damages or an extension of the warranty period. Tires and non-essential accessories are not covered by this warranty if they are made by a third party.

This warranty is null for the products eventually repaired, modified or simply dismantled outside the workshops of FERRARI or the authorized shops. It is also null for the products which might have been used in contravention of its instructions with the instructions of FERRARI, especially the weight limit and speeded warnings.

The examination of damages and their causes will always be made by FERRARI workshops; all eventual traveling and transportation costs will be charged to the buyer. The buyer will be charged also for any investigation on the spot, if required by him, and accepted by FERRARI.
